

## Creating Forensic Standard Operating Procedures (Webinar, 4 hrs) ***FORENSIC ACCREDITATION SERIES***

### COURSE DESCRIPTION

Do you need to revamp your current forensic standard operating procedures (SOPs) or write them from scratch? Do you understand why SOPs are valuable and necessary for your unit? Students will learn the benefits of having well-written SOPs, how to identify what work processes require SOPs, and how to write new as well as revise old SOPs for their agencies in this comprehensive 4-hour workshop.

This is a live webinar and must be attended in-person to receive a certificate. Instructor-student interaction will be ongoing throughout the course, so students will be expected to not only be present, but also to participate just as they would in a face-to-face course.

You will receive a PDF workbook to download via email prior to beginning the course.

### COURSE LOGISTICS

Instructor: Elyse Bekiempis

Location: Wherever you can login!

Date & Time: Thursday, June 10 @ 12 – 4pm EDT

Cost: \$200

### WEBINAR PLATFORM:

Attendees must be able to access the Demio webinar platform to attend the course. Once you have registered for the webinar, you will receive an email containing your unique link to access the live webinar. If payment is not received within 24 hours of the webinar, your unique access link will be deactivated.

### ATTENDANCE POLICY

This webinar can only be attended by the individual that has registered for the course. Gap Science LLC does not permit the watching, listening, broadcasting or distributing of this webinar to any individuals that are not registered for this course.
