GAP SCIENCE

LIVE WEBINAR

THE IMPACT OF IMPROPER BLOODSTAIN PATTERN IDENTIFICATION & INTERPRETATION

July 23, 2024 | **1200 – 1500 EST**

COURSE DESCRIPTION

✔ *How confident are you in your ability to utilize information from bloodstains patterns appropriately?* Inaccuracies in bloodstain pattern identification could lead to misinterpretation of sequence of events, nature of the crime, point of origin, etc.

✔ In this webinar, we will review current bloodstain pattern terminology, pattern identification, and pattern sequencing. We'll also look at case reviews on improper bloodstain pattern analysis and their outcomes.

✔ This webinar is being brought to you via an exciting new collaboration between Gap Science and Sievers Forensics! Keep your eyes peeled for more of our collaborations in the near future.

WHY CHOOSE US?

Our specialized training and resources bridge the gap between generic leadership courses and traditional forensic technician training, equipping you with the skills and knowledge needed for professional development in your forensic career.
